2. Version History

Version 1.0 01/13/2005 - Initial Version.

Version 1.1 02/06/2005 - Minor updates. Corrected names and description.

3. Combo Attacks

All of the Combo Attacks have 3 levels; each level increases its attack power. To unlock a Combo Attack, use the characters for 10 battles. Then for level 2, fight 20 more battles together, and 20 battles after level 2 to get to level 3. Just use the character in many battles, as long as they stay alive. Each of the Combo Attack has their own victory/winning scene. The victory/winning scene can be repeat watch if the Combo Attack is used and at least level 2.
